JULIAN GUTIERREZ

Implementation Consultant | Client Onboarding | Software Training | Bilingual English/Spanish

Chino, CA 91708 | (909) 993-3871 | andressev7n@gmail.com | linkedin.com/in/andres-gutierrez-b2ab2a1aa | andressev7n.github.io

PROFESSIONAL SUMMARY

Software implementation and client onboarding professional who spent six years installing, configuring, and training dental practices on clinical imaging software until every doctor and staff member could run it on their own. Managed implementation for multiple client offices across Southern California at the same time, from initial setup through training and ongoing phone support. Skilled at analyzing how a practice works day to day and advising clients on fitting new software into their business processes. Builds lasting client relationships through patient, step-by-step instruction. BAAS in Organizational Leadership (Magna Cum Laude, 3.84 GPA) and M.Ed. in Instructional Design in progress. Bilingual in English and Spanish; uses AI tools daily.

CORE SKILLS

- Implementation and client onboarding: software installation and setup, account configuration, go-live training, post-implementation phone support
- Client consulting: analyzing business processes and workflows, recommending how to integrate software into daily operations
- Training: step-by-step, hands-on instruction for doctors and staff, teach-back verification, adapting to each learner
- Relationship building and project management of multiple clients across a regional territory
- Technology: PreXion3D Viewer, 3Shape intraoral scanners, ShareFile (HIPAA compliant), Canvas LMS, ChatGPT, Claude, Gemini, AV systems
- Compliance: HIPAA-compliant data handling, Radiation Safety, Infection Control, Dental Practice Act
- Languages: English and Spanish (bilingual)

PROFESSIONAL EXPERIENCE

Clinical Trainer and CBCT Imaging Specialist | Mobile 3D Imaging, Southern California

Jan 2018 to Jun 2024

- Led implementation and client onboarding for dental practices, installing and setting up PreXion3D Viewer, 3Shape intraoral scanners, and HIPAA-compliant ShareFile accounts.
- Delivered hands-on, step-by-step training to doctors and staff, then had each person repeat the process to confirm they could use the software independently.
- Managed multiple client offices across Southern California at once, coordinating setup, scheduling, and training for each.
- Provided client consulting by analyzing each practice's workflow and advising how to fit the software into its existing business processes.
- Coached clients by phone from memory, walking them through software tasks and resolving issues without being on site.
- Built long-term client relationships as the trusted technical resource for client offices and new technicians.
- Maintained HIPAA-compliant handling of patient data and followed radiation safety and infection control protocols.

Special Education Paraprofessional | K-8 Public Charter School, Chino, CA

Feb 2025 to Present

- Support students with special needs one-on-one and in small groups, adapting instruction and materials to each student.
- Contribute to a team building a digital career portfolio system for grades 6 to 8.

Volunteer AV and IT Team Lead

10+ years

- Lead the AV and IT team for live events, training volunteers on sound, video, and conferencing equipment.
- Wrote and maintain technical manuals that let volunteers set up and operate systems on their own.

EDUCATION

- M.Ed., Instructional Design, Curriculum Innovation with AI | East Texas A&M University | Expected 2027
- BAAS, Organizational Leadership | East Texas A&M University | Aug 2026 | Magna Cum Laude, 3.84 GPA
