- **Technology:** CBCT imaging, 3Shape intraoral scanning, PreXion3D Viewer, HIPAA-compliant file sharing (ShareFile), audio and video systems, technical troubleshooting
- **Healthcare and compliance:** radiation safety, infection control, Dental Practice Act, HIPAA-compliant data handling
- **Languages:** English and Spanish

Professional Experience

Clinical Trainer and CBCT Imaging Specialist | Mobile 3D Imaging, Southern California
Jan 2018 to Jun 2024

- Operated a mobile CBCT imaging unit at dental and medical offices across Southern California for six years, performing scans from each doctor's prescription.
- Trained doctors and clinical staff to use PreXion3D Viewer and operated 3Shape intraoral scanners in the field.
- Worked with doctors on each case, followed their instructions to identify anomalies in scans, and delivered the image slices to the office.
- Handled all patient intake, scheduling, and onboarding of new dental offices.
- Managed secure file transfers using HIPAA-compliant software (ShareFile).
- Ensured compliance with radiation safety protocols and infection control standards.
- Set up HIPAA-compliant ShareFile accounts for each doctor and guided them through logging in and downloading studies.
- Supported onboarding of new client offices and handled higher-complexity cases that required extra coordination.
- Served as the technical resource for new technicians and client offices facing unfamiliar situations.

Special Education Paraprofessional | K-8 public charter school, Inland Empire, CA
Feb 2025 to Present

- Support students with special needs one-on-one and in small groups, adapting materials to each student's needs.
- Contribute to a team building a digital career portfolio system for grades 6 to 8 under a state career technical education grant (CTEIG/SWP).

Volunteer AV and Technology Operations Lead
10+ years

- Run sound, video, and live-event systems for large gatherings and train volunteers on soundboard and video conferencing equipment.
